LIFE'S MYSTERIES ANSWERED

How many times have you woken up in the morning after a hard night of drinking and thought 'How did I get home?' As hard as you try, you cannot piece together your return journey from the bar to your home. The answer to this puzzle is that you used a beer scooter.

The beer scooter is a mythical form of transport, owned and leased out to the drunk by Bacchus, the Roman god of wine. Bacchus has branched out since the decrease in the worship of the Roman pantheon and bought a large batch of these magical devices. The beer scooter works in the following fashion: The passenger reaches a certain level of drunkenness and the slurring gland begins to give off a pheromone. Bacchus or one of his many sub-contractors detects the pheromone and sends down a winged beer scooter. The scooter scoops up the passenger and deposits them in their bedroom via a trans-dimensional portal. It is not cheap to run a beer scooter franchise, so a large portion of the passenger's in-pocket cash is taken as payment.

This generates the second question after a night out 'How did I spend so much money?' Beer scooters have a poor safety record and are thought to be responsible for 90% of all UDI (Unidentified Drinking Injuries). An undocumented feature of the beer scooter is the destruction of time segments during the trip. The nature of trans-dimensional portals dictates that time will be lost, seemingly unaccounted for.

This generates the third question after a night out 'What happened?' With good intentions, Bacchus opted for the EMIT (Embarrassing Moments In Time) add on, that automatically removes, in descending order, those parts in time regretted most. Unfortunately one person's EMIT is not necessarily the EMIT of another and quite often lost time is regained over a suitable period. Independent studies have also shown that Beer Goggles cause the scooter's navigation system to malfunction thus sending the passenger to the wrong bedroom often with horrific consequences. With recent models including a GPS, Bacchus made an investment in a scooter drive-thru chain specializing in half eaten kebabs and pizza crusts. Another question answered!!

For the family man, beer scooters come equipped with flowers picked from other people's garden and Thump-A- Lot Boots. These boots are designed in such a way that no matter how quietly you tip-toe, you are sure to wake up your other half. Special anti-gravity springs ensure that you bump into every wall and the CTSGS (Coffee Table Seeking Guidance System) explains the ring-barked shins. The final add-in Bacchus saw fit to invest in for some scooters is TAS (Tobacco Absorption System). This explains how one person can apparently get through 260 Marlboro Lights in a single night.

KOBACKER HOUSE THOUGHT YOU SHOULD KNOW

Kobacker House, opened in 1989, is the only freestanding hospice care center in central Ohio. Hospice provides comprehensive care in the patient's home, inpatient care, residential care, on-call services, and community education and bereavement support services to central Ohioans of all ages and socioeconomic levels whose illness is no longer responding to aggressive, curative treatment. Hospice seeks to enhance the quality of a patient's life by controlling the pain and discomfort, honoring choices, and supporting the right to quality of life and death with dignity.

COLUMBUS PRO-LEAGUE

A Division of CDA

58th season begins Thursday night
AUGUST 22, 2002 at 7:30 at The Crest
Tavern. It costs \$50.00 for the season. (12
weeks) to be "full-time". This will allow you to get
into the High Out, Mystery Out & Bull Shoot each
night for only \$1.00 each.

Also being "full-time" makes you eligible to play in
the "13th. Week Singles Tournament" The
league puts in \$110.00 for first place and the
\$5.00 entry fees are paid out to 2nd. and 3rd.
place.

The current players voted and we now welcome
"part time" players. They are able to show up and
pay \$5 to play for the night. This is a good way to
try us out!

This is the amendment to the by laws:

We will welcome people to play in the "Columbus
Pro League" on a "part time" basis. They may
show up any night of regular league play and pay
a fee of \$5.00. These "part time" players will not
be eligible to participate in the Mystery Out, High
Out, Bull shoot or 13th. week singles tournament.
These same rules also apply to "subs" although
"subs are not required to pay \$5.00. No record of
Points, T80's, RO9's etc. will be kept for "part
time" players. Although, if a player pays his
season dues in full by the third week of the
season, all points earned in that season will be
counted.

We hope to see you August 22nd. We are having
a great time and hope to have a few new
members this fall.

Bruce Deitrick, President
Bob Schlaegel, Vice President

The World According To Ron

Apparently, another one of my duties as Vice-President involves the issue of disciplinary action within the organization. And unfortunately, I have been dealing with that issue entirely too much.

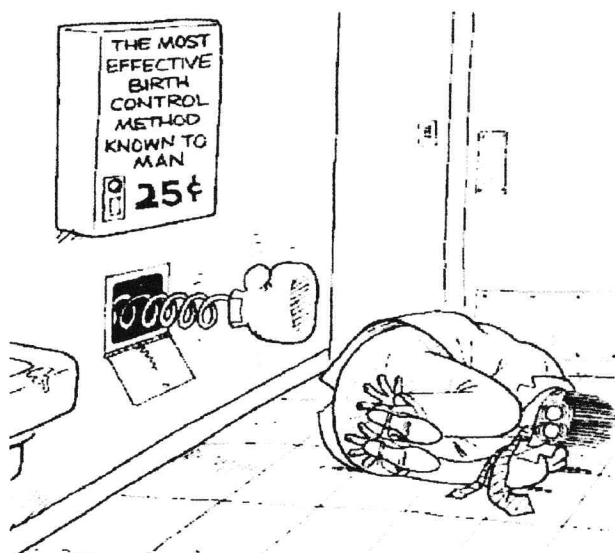

So, for the benefit of all, let me set the record straight. The CDA will not condone unsportsman-like conduct and/or verbal/physical altercations at any event associated with this organization. We value the safety and well being of all of our darters, as well as the general public, and encourage you to conduct yourselves in a manner consistent with these ideals.

Any incident reported to the CDA Board of Directors will be investigated, and appropriate action will be taken, regardless of the parties involved.

We are striving to build a bigger, better, stronger, more successful organization, where all darters are welcome – but we need your help to do it.

Please dart responsibly.

Ron Overstreet
CDA Vice-President

GREETINGS FROM THE PRESIDENT...

STRAIGHT TALK - NO B.S.

THIS YEAR THE CDA WILL NOT BE INVOLVED WITH COORDINATING ANY ALL-STAR QUALIFIERS OR IN THE MANAGEMENT OF THE 2002 ALL-STAR TEAM IN ANYWAY (AS WE HAVE BEEN FOR THE LAST TWO YEARS). WE MADE THE OFFER TO EQUALLY ASSIST IN THE RESPONSIBILITIES OF THIS ENDEAVOR, IN HOPES OF REPEATING LAST YEAR'S VICTORY. CDA'S OFFER WAS REFUSED. CDA WILL CONTINUE TO DO WHAT WE FEEL IS IN THE BEST INTEREST OF COLUMBUS, EVEN THOUGH THAT IDEA IS LOST ON OTHERS.

IN OUR BYLAWS, CDA HAS A DICIPINARY CODE THAT WE WORK WITH. IT BASICALLY STATES THAT, IF YOU CAN NOT ACT LIKE AN ADULT, DON'T WASTE YOUR OR OUR TIME BY BEING PRESENT AT ANY OF OUR EVENTS. IF YOU CAN BE AN ADULT, WE WELCOME YOU. WE WORK ON A STRIKE METHOD. THREE STRIKES AND YOU ARE OUT. SIMPLE REALLY. NO EXCEPTIONS. I AM THE FOUNDER AND I HAVE BEEN GIVEN A STRIKE BY OUR BOARD OF DIRECTORS. I DESERVED IT. I WAS OUT OF LINE. IF I CAN GET A STRIKE, ANYONE CAN. SO, BEHAVE YOURSELVES PLEASE. TOO MANY STRIKES HAVE BEEN GIVEN OUT ALREADY. AFTER A YEAR THE STRIKE DROPS OFF. THREE STRIKES IN ONE YEAR AND YOU ARE BANNED FROM ALL CDA EVENTS. ONE PERSON HAS ALREADY BEEN BANNED, LET'S NOT HAVE ANYMORE.

FOR THOSE OF YOU WHO REMEMBER AND HONOR THE MEMORY OF THE LATE JOE DiMARCO, AND/OR THOSE OF YOU WHO WISH TO SUPPORT A WORTHY CAUSE, THE 6TH ANNUAL SUMMER SPLASH IS COMING UP IN A COUPLE OF WEEKS (FLIER ENCLOSED).

THANK YOU ALL FOR YOUR SUPPORT OF THE COLUMBUS DARTERS ASSOCIATION.

A man walks into a psychiatrist's office wearing only underwear made of Saran Wrap. The psychiatrist says, "Well, I can clearly see your nuts."

On the Road with Mack Daddy

My name is Mack (Craig McClelland) - I do not believe in being too formal - therefore, please bear with the contents of this article.

I have recently become Vice President of Public Relations with the Columbus Darters Association, and if you are reading this article now, then you surely have an interest in this organization, as well as I do.

I like to summarize my priorities as follows: family, darts, job. Because, if I could make a living throwing darts... I would. I have been throwing darts for approximately 6-7 years. I got into darts because they took the ping pong table out of Witherspoons and I had to pick up another vice. Some might even say I am a "Dart-Aholic". This used to be true, but as I get older, unfortunately, I can not throw as much as I would like. But, I try to get out every chance I can.

But, enough about me, let's talk about darts. If you like to throw and you like to compete (either for fun or in a tournament situation), then I am sure you want to have a good time. That is what darts is all about (fun).

This organization will continue to grow. And with the help of dart lovers everywhere, it will continue to be the best. This is your club. This is what you like to do for fun - so don't be afraid to get involved and let your voice be heard. The Columbus Darters Association Board works for you.

Throw Well,

Mack

CDA Vice President

Sometimes it DOES take a rocket scientist!

Scientists at NASA built a gun specifically to launch dead chickens at the windshields of airliners, military jets and the space shuttle, all traveling at maximum velocity. This was to simulate the frequent incidents of collisions with airborne fowl in order to test the strength of specially made aeronautical windshields.

British engineers heard about the gun and were eager to test it on the windshields of their new high-speed trains. Arrangements were made, and a gun was sent to the British engineers. When the gun was fired to simulate collision of a fowl with the train moving at maximum speed, the engineers stood shocked as the chicken crashed through the shatter-proof shield, smashed it to smithereens, blasted through the control console, snapped the locomotive driver's backrest in two, and embedded itself in the back wall of the cabin like an arrow shot from a bow. The horrified Brits sent NASA the disastrous results of the experiment, along with designs of the windshield and begged the NASA scientists for their analysis of what might have gone wrong. After a few moments thought, NASA responded with a one-line memo:

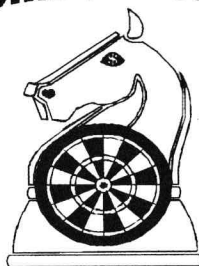

"Defrost the chicken."
