GREETINGS.... from the CDA President  
SCOTT MERRITT

Hello Everyone, once again I am here to tell you what is going on in the world of the CDA. The Thirsty City Open is just the first of three tournaments that we will bring to you this summer. We have found a good location that easily and comfortably holds ten dart boards. You may be one of those people that never goes to a tournament because you just think that your not good enough. Darts is about fun and having a good time. It is about sharing a common interest with people of all walks of life. I go to tournaments all the time and I can tell you that all levels of dart players go these functions. Some go to win, some go to find out what it is all about and some just go to drink and have a good time. If you never try, how can you say that you are not good enough. I do want to let everyone know that your yearly dues are coming to a close in August. We do look forward to having you all back, as well as a whole host of new CDA darters. The summer season brings us to our Campus Tuesday night dart league open doubles team signup. Go get yourself a guy or gal to play with. Don't spend all your time out in the hot sun. Summer doubles is a good place for you and your friend or significant other to spend some quality time together. Play the game learn the game, live the game. If you do not think you will be able to find a partner then show up on the night of the signup and we'll see what we can do for you. The CDA is here for you, the darter. With that in mind, if any of you out there think you have it in you to write an article that may help other darters or may just be enjoyable to read pertaining to darts or strategy or maybe your best game ever then feel free to send it in to us. We want to publish the thoughts of the darters, your thoughts, good or bad. What does darts need, what does darts not need, you decide. Just like any other volunteer organization the CDA does have the need for a few good volunteers to help run the fastest growing dart association in the city. Everybody is busy, I know, but as much as I would like to say it, the CDA does not run itself without the help of good people like yourself. This might be the sense of purpose you have been looking for or it might just be a pain in the butt. But either way you will have paid your dues as a volunteer. Thank you all for throwing darts.

Sincerely,   
President/Founder CDA
